

Homebuyer Program

Pathway to Homeownership presents...

BUILDING A BETTER CREDIT REPORT!

If you've ever applied for a credit card, a personal loan, or insurance, there's a file about you. This file is known as your credit report. Credit reporting companies sell the information in your report to creditors, insurers, employers and other businesses with a legitimate need for it. They then use this information to evaluate your applications for credit etc. Having a good credit report means it will be easier for you to get loans and access to some of the better products on the market.

Presented by:

Kriss Parnell, Senior Loan Consultant
HomeStreet Bank
